

Engineering Internships & Placements

We are Ashwoods Electric Motors – an innovative and rapidly-growing cleantech engineering firm based in the South West of England, near Exeter - and we make electric motors that are smaller, lighter, more efficient and cheaper than comparable incumbent designs. Our products are attracting global interest and we are rapidly expanding to meet the requirements of our ever-growing customer base. We have recently moved to our brand new, state of the art facility at Chudleigh, with the support of a £1.2M grant from the UK Government.

Much of our development work is done in partnership with other engineering firms and applicants will be excited about working with some of the biggest names in the automotive and engineering world.

We are now looking for Undergraduates for 2019 who would like to do a short term placement or a sandwich year to join a team where they will learn to put into practice their learning and gain new skills to use in the future. We have availability for Summer Placements between June – September 2019 and full year Internships starting in August 2019.

Roles and responsibilities

- Support the team by creating new products to satisfy our customers' requirements.
- Developing tooling and assembly machines to aid production.
- Engineering design work
- Ad-hoc project work.

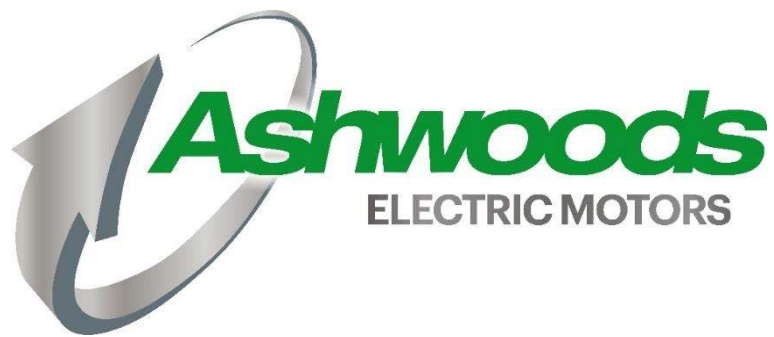

Desired qualifications, skills and experience

- A degree in, or working towards a degree in Mechanical Engineering or similar subject
- 3-D CAD experience, with SolidWorks the preferred package
- Experience or interest in Automotive or off-highway drives preferred
- Knowledge of electric motors and/or hybrid drives useful
- Work experience of production engineering, DFMEA and/or lean manufacturing beneficial
- A desire to build value into their work at all stages from initial design through to manufacture.

Personal characteristics

- Reliability
- Positive attitude and a desire to learn.
- Concentration and focus
- Pragmatic mindset
- Sense of humour

Salary & Benefits

- Competitive Salary
- Participation in employee bonus scheme (Internships only)
- 24 days holiday per year, plus bank holidays and opportunity to earn more days
- Staff social events

How to apply

If you think this job is for you then why not email us, briefly summarising why you'd be great for the role and including a copy of your CV, to work@ashwoods.org. Make sure you also outline what you are looking for and the dates you are looking to work.

Incidentally, if you're looking at us on behalf of a recruitment agency then thank you for your interest but we're already working with some wonderful people in the industry on an exclusive basis. Thank you.
